

Project Dulaaar – Empowering Vulnerable Children (Boys & Girls)

By Skills Shala Foundation

About Project Dulaaar

Project Dulaaar is a holistic intervention designed to empower vulnerable children, especially girls and boys aged 10-18, who are orphaned, abandoned, survivors of abuse, or at risk of child labor and delinquency. We provide safe accommodation, nutritious meals, education, health care, counseling, skill-building, and emotional support to enable them to rebuild their lives and pursue mainstream education and career opportunities.

The Problem

- In India, millions of children drop out of school due to poverty, domestic responsibilities, unsafe school environments, early marriage, and abuse.
 - 1 in 3 child laborers is a girl, with boys also highly vulnerable to exploitation.
 - Domestic violence and ill-treatment cause emotional trauma leading to school dropouts.
 - Children lack access to proper mentorship, financial support, health care, and psychological counseling, forcing them into labor or unsafe environments.
-

Our Approach

- Safe hostel accommodation with nutritious meals.
 - Full support for school/college fees and preparation for competitive exams (NEET, UPSC, PSC, AI courses).
 - Health insurance and regular medical checkups.
 - Comprehensive counseling and mental health support.
 - Career guidance, skill training, and mentorship.
 - Recreational activities and provision of clothing and daily essentials.
-

Impact So Far

- Currently supporting 1 child fully enrolled in the program.

- Mentoring 5 children with tuition, counseling, educational kits (Abhyas Ka Pitara), and nutrition kits (Sneh Ka Baksa).
 - Positive stories of transformation, including skill acquisition and academic progress.
-

Financial Overview (Annual Cost per Child)

Expense Category	Cost (₹)	Description
Hostel & Accommodation	36,000	Saraswati Girls' Hostel, Raipur
Meals	36,000	Nutritious 3 meals daily
Health Insurance	8,500	₹5 lakh coverage per year

Our Request

We seek CSR partnership to support 25 vulnerable children (boys and girls) over 2025–2028 at an annual cost of ₹1,80,000 per child. Your support will enable us to provide comprehensive care—from safe shelter to quality education and holistic development.

Why Partner with Skills Shala Foundation?

- Proven holistic model addressing the root causes of child labor and school dropout.
 - 100% transparency with regular impact reports and field visit opportunities.
 - Empower children towards self-reliance and dignified livelihoods.
 - Registered NGO with CSR-1 certification, eligible under Section 135, tax-exempt under Section 80G.
